Schenectady 5, New York

Dear Mr. Bozzi:

I am in receipt of your letter of July 9th,  
and glad to hear from you.

After a long struggle it looks as though we  
have at last developed a really fine ball club, and are re-  
ceiving requests from all over for their appearance.

Due to the fact we have a boy on the team  
from your town I believe we would be quite an attraction up  
there. I don't completely understand your proposition on  
promotion expenses, but I am sure they could be worked out.  
I believe that I could bring another League team up there, if  
we both received a percentage of the gross receipts. It would  
depend on what the rental of the park was, etc.

Write me immediately, saying what dates will  
be available. This will be very important, as we are pretty  
well booked up. I will be looking forward to hearing from you.

Very truly yours,
